

TOP TIPS FOR LEARNING SPELLINGS

1. If you practice them a little and often you are more likely to remember them in the future!

2. Use Look, Say, Cover, Write, Check method rather than simply copying the words out each time.

3. Look at the word with the intention of remembering it, a quick glance won't do! Think of it as taking a photo with your eyes!

4. Write these words on post it notes and dot them around your house so you keep reminding yourself of them throughout the week.

5. Underline the tricky bit in a different colour so it stands out.

6. Fill a big sheet of paper with graffiti writing of them. Use joined up writing but do different sizes, colours, directions and styles!

7. Chant the letters or say them in a silly voice can help making them stick too!

8. Ask someone at home to test you on these spellings and ask you about the tricky bits or how you remember them.
